EXPERIENCE

GitHub, New York, USA

VP Product (promoted from Director and Sr. Director) **April, 2019 – February, 2023**
Launched GitHub Advanced Security and grew it to \$140M ARR (13% of GitHub's overall ARR). Led the post-acquisition integration of Semmler (50 engineers) and the creation of GitHub's code scanning and secret scanning products. Managed a team of 15 product managers.

Dependabot, London, UK

Co-Founder & CEO **April, 2017 – April, 2019**
Designed and built a SaaS tool to automatically update software dependencies in ten languages. Grew to 5,000 active users with 20% month-on-month growth. Acquired by GitHub.

Career break

Round The World Cycle **August, 2016 – March, 2017**
Cycled 18,000 miles in a solo, unsupported circumnavigation of the globe. Route included London to Singapore, Perth to Sydney, San Francisco to Charleston, and Lisbon to London.

GoCardless, London, UK

VP Product, Engineering & Global Expansion **March, 2012 – July, 2016**
Helped grow a FinTech startup from 6 employees to 100, and from £100,000 monthly volume to £100m. Executive responsibility for all product development, with an in-house team of 30 engineers and designers. Previous roles included Head of Operations.

Career break

Learning To Code **September, 2011 – February, 2012**
Learnt Python, JavaScript and SQL. In subsequent roles I also learnt Ruby.

McKinsey & Company, London, UK

Business Analyst **October, 2009 – August, 2011**
Completed strategy studies in retail banking, pharmaceuticals, healthcare, and consumer goods.

EDUCATION

University of Cambridge

MPhil, Economics **September, 2008 – September, 2009**

- Class: Distinction (ranked 1/72)

Diploma, Economics **October, 2007 – July, 2008**

- Class: Distinction (ranked 1/12)

BA (Hons), Mathematics **October, 2003 – July, 2006**
